Medical Certificate

This is to certify that I have assessed Maria Angelica Rivera via teleconsultation on 6 July 2025 due to 1 day history of rash.

Impression : Varicella (chickenpox).

Remark: Patient has been prescribed with a course of aciclovir and symptomatic management. Patient is advised isolation for 2 weeks or until lesions have completely crusted and healed.

This medical certificate is issued for informational purposes only and is not valid for medico-legal use
